FROM THE PRESIDENT

Dear Fellow Members, Partners and Guests

How wonderful that we have resumed some physical activities. Our sports groups are back in action and the 11th November outing to the Rhododendron Gardens at Blackheath should be fabulous. Do contact Bob Pearce if you would like to make a late entry.

Unfortunately, however, Norths is not open to us for our 9 November general meeting. We have all been looking forward so much to being together, but now we will meet by our tried and true, trusty Zoom platform. We have done so well maintaining our friendships and fun that way for several months, so let's do it again in November.

That makes our Christmas Lunch at the Manly Golf Club, on Tuesday 14 December, all the more special this year. Please come, and bring your partners, friends and potential members with you. Book in with Bob Pearce for tables when bookings open. Manly Golf Club is a lovely venue and offers us a delicious luncheon and lots of good cheer.

I hope that you are all enjoying more freedom coming out of lockdown, and all the beautiful activities that Sydney offers at this time of year.

With warm regards,

Roger Freney, President

PERSONAL CORNER

Terry le Roux "Beekeeping"

Terry is a new member. He has a wealth of experience advising large entities in financial and economic analysis. He has lived in several countries. Terry is a community leader striving for improvements in the Manly area. In recent years he has successfully taken up beekeeping in his garden. His hive produces much honey, which Terry shares around the neighbourhood.

VALE

Sadly **David Walker** passed away on the 18th of October. Our good friend and the friend of many others, David is no longer with us.

He lived his long life with a positive and quiet optimism, always generously laced with good humour.

We will miss him greatly,

Gerald and Rosemary Christmas.

There is every chance that sometime in your life you have undertaken ...or dreamed of undertaking... a journey on a Halvorsen cruiser on Sydney harbour. **Halvorsen?** Where did they come from? What did they achieve?

Most of us are descendants of immigrants or immigrants to this country seeking a better life for ourselves and our families. The Halvorsen family came from Norway in 1924 with very little and worked very hard to build a better life. They showed extraordinary commitment to boat building, excellent craftsmanship and boat design skills that made their boats highly desirable.

During WW2 they built many vessels for the war effort. They also demonstrated outstanding seamanship by designing, building and sailing their yachts with success in all the classic ocean racing events. They won back to back handicap honours three times in the Sydney Hobart race. Also they built and raced the first Aussie America's Cup challenger - GRETEL for Frank Packer.

Noel is a Team Leader at the Australian National Maritime Museum and has had a close connection with the water all his life. He has been a volunteer guide at the Maritime Museum for several years and loves it. His first career was as a science and mathematics teacher, then into IT with IBM where he spent 25 years in various technical and management positions. He is a Past President of Northbridge Rotary and is an active volunteer in retirement. With his sailing ability he is a director and sailing captain of his sailing club. Noel also spent several years with Marine Rescue and the Rural Fire Service.

Noel will discuss the origins of the Halvorsen family, their exploits and their achievements in some detailand more.
